**House Bill No. 844**

by deleting all language after the enacting clause and by substituting instead the following:

SECTION 1. Tennessee Code Annotated, Section 55-21-103, is amended by adding the following new subsection:

(h) A permanent or temporary placard issued to any disabled driver or passenger pursuant to this section shall contain a list of the license plate numbers assigned to each vehicle authorized for use with the placard. This list shall be prominently displayed on both sides of the placard. Upon initial application, renewal, or replacement of a permanent or temporary placard, the applicant shall provide to the department the license plate numbers of each vehicle that will be operated by the disabled driver while using the placard or that will be operated to transport the disabled passenger. A fee proportionately equal to the cost of actually designing and manufacturing the new placards shall be added to the fee imposed in subdivision (b)(2)(C) for temporary placards and to the fee imposed in subsection (f) for permanent placards, to ensure that the issuance of the placards is revenue neutral; provided, that there shall be no fee for a person permanently confined to a wheelchair as defined in subdivision (b)(2)(B)(ii) or to a disabled veteran as defined in § 55-4-237(a)(3) or (b). New placards with the license plate numbers required by this subsection shall be issued when an applicant receives, renews, or replaces a permanent or temporary placard. The department may prescribe such forms and procedures as necessary to implement this subsection.

SECTION 2. This act shall take effect October 1, 2013, the public welfare requiring it.
